Forward Looking Statements

This Current Report on Form 8-K (this "Current Report") contains "forward-looking statements" within the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, made by, or respecting, the Company, and this Report has been filed by the Corporation with the SEC. "Forward-looking statements" are defined in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and other applicable federal and state securities laws, rules and regulations, as amended (together with the Securities Act and the Exchange Act, "Securities Laws").

All statements (other than those that are purely historical) are forward-looking statements. Words such as "may," "will," "expect," "intend," "believe," "estimate," "anticipate," "continue," "plan," "project," or the negative of these terms or other similar expressions also identify forward-looking statements. Forward-looking statements made by the Company in this Current Report may include (without limitation) statements regarding: risks, uncertainties, cautions, circumstances and other factors ("Risks"); and the potential negative effects of the novel coronavirus and COVID-19 pandemic on the Company's business, the Company's potential non-compliance with the covenants in the NM Loan Agreements, the Company's potential non-compliance with applicable Nasdaq director independence, bid price or other rules, the integration and suitability of the Company's new CEO, the Company's cash flow or financial condition, the Company's cash flow, or the pursuit or achievement of the Company's corporate objectives.

You should carefully review and consider the Company's forward-looking statements (including all risk factors and other cautions and uncertainties) and other information made, contained or noted in or incorporated by reference into this Current Report, but you should not place undue reliance on any of them. The results, actions, levels of activity, performance, achievements or condition of the Company (including its affiliates, assets, business, clients, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, performance, prospects, sales, strategies, taxation or other achievement, results, Risks, trends or condition) and other events and circumstances planned, intended, anticipated, estimated or otherwise expected by the Company (collectively, "Expectations"), and our forward-looking statements (including all Risks) and other information reflect the Company's current views about future events and circumstances. Although the Company believes those Expectations and views are reasonable, the results, actions, levels of activity, performance, achievements or condition of the Company or other events and circumstances may differ materially from our Expectations and views, and they cannot be assured or guaranteed by the Company, since they are subject to Risks and other assumptions, changes in circumstances and unpredictable events (many of which are beyond the Company's control). In addition, new Risks arise from time to time, and it is impossible for the Company to predict these matters or how they may arise or affect the Company. Accordingly, the Company cannot assure you that its Expectations will be achieved in whole or in part, that it has identified all potential Risks, or that it can successfully avoid or mitigate such Risks in whole or in part, any of which could be significant and materially adverse to the Company and the value of your investment in the Company's common stock.

These forward-looking statements reflect the Company's Expectations, views, Risks and assumptions only as of the date of this Current Report, and the Company does not intend, assume any obligation, or promise to publicly update or revise any forward-looking statements (including any Risks or Expectations) or other information (in whole or in part), whether as a result of new information, new or worsening Risks or uncertainties, changed circumstances, future events, recognition, or otherwise.
