

SPAR Group Announces 2009 Year-End and Fourth Quarter Financial Results

Net Income Increased 392%; Company Reports 2009 EPS of \$0.03; 2009 Revenues of \$57.5 Million; Company to Host Year-End Conference Call on April 16 at 11:00 a.m. EDT

TARRYTOWN, NY, Apr 15, 2010 -- SPAR Group, Inc. (Nasdaq:SGRP) (the "Company" or "SPAR"), a leading supplier of retail merchandising and other marketing services throughout the United States and internationally, today announced the year-end and fourth quarter financial results for 2009.

"Our strategy during 2009 was to focus on the financial structure of our business, maintain profitability, increase margins and identify strong acquisition candidates that would help fuel our future growth. We executed successfully and achieved all of our goals as we maintained strong control over our operating expenses, increased our net income nearly 400%, increased our margins and closed on the acquisition of National Marketing Services. Today we are in a position to continue our success throughout 2010 by reaping the benefits of the financial measures taken during 2009. We will continue to increase our profitability, grow organically and search for strategic and accretive acquisitions," stated Gary Raymond, President and Chief Executive Officer of SPAR Group.

2009 Year End Financial Results

Revenue for the year ended 2009 totaled \$57.5 million, compared to \$69.6 million for the year ended 2008. Domestic and international revenues for the year ended 2009 totaled \$26.4 million and \$31.1 million, respectively. The decrease in revenue was due primarily to the loss of a U.S. electronic retail chain customer that ceased to exist in early 2009, the decision by management to suspend services in the Turkish market as it evaluates more profitable alternatives and the loss of a client in each of three other international markets given the economic conditions in those respective countries.

Cost of revenues was \$40 million in 2009 compared to \$48.7 million in 2008. These results yielded gross profit for the period ended December 31, 2009 of \$17.5 million compared to \$20.9 million. Gross profit margin continued to improve to 30.5% of revenue in 2009 compared to 30.1% of revenue in 2008. Gross profit margins domestically increased in 2009 to 36.8% compared to 35.4%. Internationally, gross profit margins remained relatively unchanged at 25.1% in 2009 compared to 25.8%. Selling, general, and administrative expenses decreased over \$2.3 million or 12.9% to \$16.1 million in 2009 compared to \$18.5 million in 2008, due to a decrease in spending primarily in Canada and Australia and management's focus on cost reduction efforts related to payroll and related expenses.

Other income totaled \$582,000 for the period ended December 31, 2009 compared to other expenses of approximately \$671,000 for the same period in 2008. The change in approximately \$1.3 million was due primarily to an overall reduction in litigation expense including a \$285,000 credit from prior year legal expenses and a third party settlement in 2009 for \$300,000.

The provision for income taxes was \$169,000 and \$532,000 for 2009 and 2008, respectively. The decrease in the income tax provision of \$363,000 was due to a one-time 2008 additional tax expense resulting from a change in the tax filing status of the Japan subsidiary.

Net income for 2009 increased 392% to \$502,000, equal to \$0.03 per diluted share based on 19.4 million shares outstanding, compared to \$102,000, equal to \$0.01 per diluted share based on 19.3 million in 2008. Domestically, net income increased 428% to \$1.1 million in 2009 compared to net income of \$214,000 in 2008. The Company reported a net loss internationally of \$631,000 in 2009 compared to a net loss of \$112,000 in 2008.

2009 Fourth Quarter Financial Results

Revenue for the fourth quarter of 2009 totaled \$14.2 million versus \$16 million for the fourth quarter of 2008. Revenue in the United States totaled \$7.5 million and internationally totaled \$6.7 million for the fourth quarter of 2009.

Cost of revenue for the fourth quarter ended December 31, 2009 totaled \$9.3 million compared to \$10.2 million for the same period in 2008. Gross profit for the fourth quarter of 2009 totaled \$4.9 million compared to \$5.7 million for the same period in 2008. Gross profit margin decreased to 34.7% during the fourth quarter of 2009 compared to 35.9% during the fourth quarter of 2008. The 2009 fourth quarter gross profit margin domestically and internationally totaled 41% and 28% respectively. Selling, general and administrative expenses decreased 9% to \$4.5 million for the fourth quarter of 2009 compared to \$5 million for the fourth quarter of 2008.

Net income for the three months ended December 31, 2009 totaled \$303,000 or \$0.02 per share compared to \$467,000 or \$0.02 per share for the same period of 2008.

Balance Sheet for Period End December 31, 2009

Total current assets and total assets were \$13.1 million and \$17.4 million respectively. Cash and cash equivalents totaled \$1.7 million or \$0.09 per share. Total current liabilities and total liabilities were \$12.8 million at December 31, 2009. Working capital improved to \$252,000 in 2009 compared to a working capital deficit of \$635,000 in 2008. Current ratio also improved to 1.02 to 1 at the end of 2009 compared to 0.96 to 1 at the end of 2008. The increase in working capital and current ratio were primarily due to decreases in accounts payable and other current liabilities. Total equity increased 29% to \$4.1 million in 2009 compared to \$3.2 million in 2008.

Gary Raymond concluded, "We have already completed the integration of our December 2009 acquisition, National Marketing Services. We are pleased with the performance of the business and have begun to realize the financial benefits of this acquisition. More recently, we acquired Wings & Ink, which will add \$3 million in revenue on an annualized basis and expand our presence in all the geographic regions of Canada. In the remainder of 2010 we are pursuing several other similar opportunities of undervalued assets that we can immediately integrate. We believe that our strong domestic and international presence, established operating platform and acquisition strategy will allow us to experience significant growth in 2010."
