SPAR Group Regains Compliance With NASDAQ Listing Requirements

TARRYTOWN, N.Y., March 13, 2008 -- SPAR Group, Inc. (Nasdaq:SGRP) today announced it has received separate notifications from The NASDAQ Stock Market indicating the company has evidenced full compliance for continued listing on The NASDAQ Global Market.

NASDAQ has determined that based on the company's February 25, 2008 8-K filing, SPAR Group is in compliance with the Market Rule 43109[©](3)(A), to have a minimum of \$2,500,000 in stockholders' equity or \$35,000,000 market value of listed securities or \$500,000 net income from continuing operations for the most recently completed fiscal year.

Furthermore, the closing bid price of SPAR Group's common stock has traded at \$1.00 per share or greater for at least 10 consecutive business days. Accordingly, NASDAQ advised the company that it has regained compliance with Marketplace Rule 4310[©](4) and this matter is now closed.

The company must still provide evidence of its compliance with NASDAQ's stockholders' equity requirement in its next periodic report filing for continued listing. In the event the company does not satisfy such requirement, its securities will be subject to delisting. The company expects to satisfy such stockholders' equity requirement for its filing of Form 10-K for the year ended December 31, 2007, due on or before March 31, 2008 and said it will work diligently to continue to remain in compliance in future reporting periods.
