You should carefully consider (and not place undue reliance on) the Company's forward-looking statements, risk factors and the other risks, cautions and information made, contained or noted in or incorporated by reference into this Press Release, the Annual Report, the Proxy Statement and the other applicable SEC Reports that could cause the Company's actual performance or condition (including its assets, business, clients, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, performance, prospects, sales, strategies, taxation or other achievement, results, risks, trends or condition) to differ materially from the performance or condition planned, intended, anticipated, estimated or otherwise expected by the Company (collectively, "expectations") and described in the information in the Company's forward-looking and other statements, whether expressed or implied. Although the Company believes them to be reasonable, those expectations involve known and unknown risks, uncertainties, and other unpredictable factors (many of which are beyond the Company's control) that could cause those expectations to fail to occur or be realized or such actual performance or condition to be materially and adversely different from the Company's expectations. In addition, new risks and uncertainties arise from time to time, and it is impossible for the Company to predict these matters or how they may arise or affect the Company. Accordingly, the Company cannot assure you that its expectations will be achieved in whole or in part, that the Company has identified all potential risks, or that the Company can successfully avoid or mitigate such risks in whole or in part, any of which could be significant and materially adverse to the Company and the value of your investment in SGRP's Common Stock.

All forward-looking and other statements or information attributable to the Company or persons acting on its behalf are expressly subject to and qualified by all such risk factors and other risks, cautions and information.

The Company does not intend or promise, and the Company expressly disclaims any obligation, to publicly update or revise any forward-looking statements, risk factors or other risks, cautions or information (in whole or in part), whether as a result of new information, risks or uncertainties, future events or recognition or otherwise, except as and to the extent required by applicable law.
